SANI SUITE COLLECTION COMPLIMENTARY TRANSFERS TERMS & CONDITIONS:

- Free transfers will be offered on all Sani Suite Collection bookings with a minimum length of 5 nights stay.
- Transfers requirements must be communicated at least 14 days prior to the arrival date of the guest reservation. Late requests will still be handled if possible but not guaranteed.
- Special requirements, such as wheelchair-accessible vehicles, must also be communicated in advance.
- Child seats and extra luggage are not considered standard and must be communicated in advance so proper arrangements can be made. These are provided at no extra cost. If such requirements are only raised last minute, we will still arrange them without charge, but we strongly prefer to avoid last-minute surprises.
- Complimentary transfers apply exclusively to and from the airport. Pick-ups or drop-offs to city centres, ports, train stations or other destinations are subject to additional charges, based on distance, and must be prearranged with the VIP team.
- Vehicle type depends on the number of passengers and luggage, and will be arranged at the discretion of the VIP team to ensure comfort and efficiency.
- Each room is entitled to one arrival and one departure transfer, covering all guests staying in the room. For instance, in the case of a 3-bedroom villa, multiple taxis or a van may be arranged, and for larger groups (multiple rooms staying as one party) arriving together, a luxury minibus may be used. Any additional transfer routes beyond this entitlement will be charged accordingly. For example, if two guests from one room arrive together and the third guest arrives separately, the first route is complimentary, but the second will be charged. Guests may choose whether they want both arrivals covered and pay for the departure, or vice versa. In principle, one arrival route and one departure route per room are complimentary, any additional routes are subject to charge.
- In the event of a guest's flight being delayed, rescheduled, or missed; transfers will be rescheduled at no cost if the team is notified (eg with flight tracking of flight number), but no shows without notice or last-minute cancellations are considered as one route used.
